THE CASE Of Eca da Silva versus the Scottish. Imperial Insurance Company, being a claim for \$5 0, was mentioned to-day in the Summary Court. Mr A. J. Leach, Acting-Puisne Judge, stated what appeared to him to be the points at issue, and fixed Tuesday next for a further hearing.

SEVENTERN men were brought up on remand before Mr Wodehouse, in the Police Court to-day, charged, at the instance of Inspector Swanston, with belonging to the Triad Society. Various suspicious papers, insignia &c. had been found in a house in which the defendants were in the habit of gathering. The men were defended by Mr. Caldwell. After hearing evidence his Worship committed the prisoners for trial at the Supreme Court.

THE case in which Young Ming, late cigar merchant, New York, charged Lam Chi Shang, piece goods dealer, with administering a stupefying drug and swindling him cut of \$3,900, was again before Mr Wodehouse in the Police Court to-day. Mr Deupys appeared for the defence, and the complainant was not represented. Police Sergeant Mann, who had been put in charge of the case, said he had no further evidence to adduce for the prosecution and would not apply for a remand. He was acquainted with the house No. 33 Queen's Road West. It was a Chinese Club frequented by shopkeepers and others and had been in existence for a long time. It was called the Tsun On Ynen Ki Club, but was popularly known as the Yuen Ki. Club. In reply to the Magistrate, Mr Denuys said, he did not consider it necessary to call any witnesses for the defence. Mr Wodehouse said be was of opinion that there was no case to put before a jury, and therefore discharged the

WE understand that difficulties have again been raised to the performances of the Chiarini Circus being given on the Shamien at Canton. Mr Alabaster, H. B. M. Conaul, is said to be favourable to the proposed performances; but the Municipal Council of Shamien oppose their being given on the Foreign Concession, on the ground that they will inevitably lead to pilferings and possibly to disturbance. In the event of a tussle between the English Consul and the Foreign Community, there can be little vinces to the North of Luzon; it is of great | doubt who will be victorious. Mr Alabaster will have to give way. But why should not the Circus be located elsewhere than on Shamien? There are many spots in the suburbs of Canton City where the assemblage of a native crowd would prove inconvenient to no one, and where the native authorities could make such dispositions and take such precautions as would effectually secure the peace. It is HOMEWARD BOUND: James Watt, Aug. 12; to be hoped that some such plan may be 23; Beny oe, Cyclops, Glenfrum, Glen- hit upon; rather than that the Circus gyle, Orion, 26; Melbourne, Aberdeen, should not have an opportunity of showing Preussen, 30. itself in the provincial capital of Kwang.

His Lordship remarked that there were no particulars given, and this ought to be done. It seemed to him The Navagazione Generale Italiana Co.'s that it was a question for a special jury. Mr Webber, who appeared for the Constable, said the defendant would be represented by Counsel, and as he was at present on THE S.S. The following is the discussion that took place in the House of Commons on the 8th August :--

Mr M'Arthor asked the Secretary for the Colonies whether he had any reason to believe that Hongkong" was being used for the despatch of Chinese labourers to Ameopium, without a licence, and was fined rice or other parts with a view to their ultimate re shipment to Panama; and, if he had no information on the subject, would he make inquiries, in order to ascertain whether the Chinese coolie trade had been revived in this or any other form.

Sir H. Holland said that her Majesty's Government had agreed to a free emigration of Chinese labourers from Hongkong to Panama on contract. If the Chinese Government approved of the emigration and the conditions imposed by the canal company for the protection of the emigrants the shipment would take place in British ships.
